

## MICHAEL IS BEATEN

And Beaten Very Badly, By  
Major Taylor.

WHO LOWERS THE RECORD

For the Mile Paced, Standing  
Start.

New York Aug. 27.—Major Taylor, the colored cyclist, met and defeated Jimmy Michael, the white, in a special match race, best two out of three, one mile, paced heats, from a standing start, at the Manhattan cycle track this afternoon. Michael won the first heat easily, as Taylor's pacing quit broke down in the final lap, but on the two next heats Michael was so badly beaten and exhausted that he quit each time in the last lap.

Taylor's work was wonderful, both from a racing and time standpoint, and he established a new world's record which was absolutely phenomenal. For the first time in his racing career Michael was misled by the spectators as he passed the stand, dispirited and dejected by Taylor's overwhelming victory.

Immediately after the third heat was finished, and before the time was announced, William A. Brady, who championed the colored boy during the entire season, issued a challenge to race Taylor against Michael for \$5,000 or \$10,000 a side at any distance up to 100 miles.

That declaration was received with tumultuous shouts by the assemblage, and the dusky victor was hailed when the time was made known.

Edmond Taylor, the French rider, held the world's record of 1:42.5 for the mile in a contest paced from a standing start. The world's record against time from a standing start made by Platt Burt, of England, was 1:42.5.

Michael beat Taylor's record by 1:34 seconds in the first heat, but the "Major" wiped this out and tied Burt's record against time in the second heat. As Taylor was on the outside for nearly two and one-half laps it was easily seen that he rode more than a mile in the time, and showed judges who watched the race that he would surely be better on the third attempt. That he fully justified this belief goes without saying. After taking his position on the pole, Taylor jumped away at a hair-raising speed and covered a gap of ten yards in the first lap of the final heat. Michael never had a look in after his adversary entered the second lap, as Taylor eked out, swift as the flight of a swallow, and on the back wheel, in the last lap, Michael was up and pedaled leisurely to the tape, as he rode it was slower than a turtle to catch his speedy rival. The Welsh rider was pale as a corpse when he jumped off his wheel, and had no excess to make for his defeat. At no time could he keep up with the terrible pace set by Taylor. Taylor's performance undoubtedly stamps him as the premier cycle sprinter of the world, and judging from the saying popularly he exhibited in his six days' ride in Madison Square Garden, the middle-distance championship may be his before the end of the present season. The weather conditions could not have been more perfect, as there was only a light wind and it did not retard the speed of the riders in the slightest degree.

There were two professional and two amateur events in addition to the star attraction. Eddie Ball, the Buffalo flyer, won the two-mile L. A. W. national championship race in a faultless style from a field of the best men in the country. Ball would certainly have won first honors in the one-mile handicap, which went to McFarland of San Jose, but that in the final lap Caldwell of Boston fell on the track and carried the Buffalo boy with him. Both had a nasty spill but neither was seriously injured.

The American Cyo Racing association induced Tim Linnon of Wales to postpone his departure for England today and Michael and he have been matched for an hour race with unlimited pace, for a purse of \$250, \$200 to go to the winner and the remainder to be divided. The race will take place at the Manhattan Beach track on Labor day, September 5. Summaries:

Grand Circuit Harness Races.  
Glen's Park, N. Y., Aug. 27.—Today was  
the last day of the Grand Circuit races  
here.

In the 2:15 class trotting Directum Kelly  
was not asked for the first. The 2:15 class  
trotting was the best race for some  
weeks. The Abbott was the favorite un-  
der the hand of his driver, who won first  
in the credit of Kilman. The mare cap-  
tured the fourth and fifth heats and the  
race. The last heat was an exciting  
finish between Kilman, The Abbott and Dan  
Cupid. Kilman winning by a neck only.

The 2:30 class pacing was won easily by  
Split Skull, the favorite. The closing event  
of the meet was the 2:45 pacing, and it  
was one, two, three for Alameda, the  
favorite. Results:

2:30 class, trotting, purse \$1,000—Charles  
B. won in straight heats. Time 2:15.4,  
2:15.4. Laurel second, Genevieve third.

## AS A CASUS BELLI

England Will Take Any Fur-  
ther Foolishness

ON THE PART OF CHINA

"Perfectly Friendly Spirit" at  
St. Petersburg.

London, Aug. 27.—An authoritative con-  
firmation has been received from Peking  
to the Daily Mail this morning asserting  
that the relations between Tsung Li Ya-  
men and Sir Claude MacDonald, the  
British minister to China, are strained to  
the point of a rupture and that Sir  
Claude has intimated that Great Britain  
will regard as a casus belli any failure  
on the part of China to observe her  
wishes. They say that the situation be-  
tween Great Britain and China is acute,  
Sir Claude MacDonald strenuously in-  
sisting that China shall observe her en-  
gagement with British syndicates and  
demanding satisfactory explanations  
with regard to the Peking-Hankow rail-  
way. If necessary, the British squadron  
now assembled at Wei Hai Wei will sup-  
port the British minister's demands.  
Meanwhile the negotiations that are be-  
ing conducted by Sir Charles Scott, the  
British ambassador to St. Petersburg, to  
define the respective British and Russian  
spheres of influence are proceeding in a  
"perfectly friendly spirit."

GERMANY IS INTERESTED.  
Berlin, Aug. 27.—Much interest is dis-  
played in the outcome of the far eastern  
contest. The opinion of the renowned  
Austrian Orientalist, M. Vanberry, in a  
Vienna magazine, meets with some sup-  
port. He believes that all the advantages  
Russia has gained in China can only be  
in the remote future, when Russian  
industry and commerce become able to  
compete with British.

"Such a despotically governed people,"  
he says, "cannot develop rapidly; while  
on the other hand, the Chinese are awak-  
ening and their Anglo-American school-  
ing is creating a desire for development.  
Should England join her interests with  
those of America and Japan she would  
gain her ends, despite Port Arthur, Rus-  
sian railways and banks."

GERMAN SHIPYARDS ACTIVE.  
There is unusual activity in the ship-  
yards at Kiel, Sittin, Elbing and Ham-  
burg. The government has placed a  
number of orders among them, includ-  
ing commissions for six big torpedo boat  
destroyers, of 33 knots speed, to be ready  
for service early next year. In addition  
there are orders from Russia, Spain, Bra-  
zil and Argentine Republic. It is a sur-  
prise fact that the government has ordered  
the Vulcan ship-building works to pay a  
duty of 25,000 marks on the floating dock  
built in England, although the company  
cities against the ruling the provision of  
the German tariff law which declares  
that vessels are free of duty.

It is announced that the navy depart-  
ment has secured "for technical pur-  
poses" 1,500 photographs of the new cruiser  
Hortswaten, traveling at the speed of  
19 knots. The photographs were taken in  
a few minutes by a new instrument, the  
cosmograph.

WILLIAM'S MANEUVERS.  
The maneuvers to commence on Sep-  
tember 3 will be under the personal direc-  
tion of Emperor William. They will in-  
clude, it is reported, interesting and com-  
plex experiments with pigeons.

Among the airplanes will be one of abso-  
lutely new type. During a certain stage  
of the maneuvers the emperor will assume  
personally the chief command. His mili-  
tary suite will include General Von Hank,  
General Von Pressin and General Von  
Schell.

AMERICAN CAPITAL READY.  
Shang Hai, Aug. 27.—Yung (Wing), an  
American citizen who holds a concession  
from the Taung Li men for the Tien Tien  
Ching Kiang railway, says he has secured  
an offer from an influential American  
firm of capital sufficient to work his con-  
cession. The Germans are willing to  
join in the work if the line pass through  
Tin Shan.

PITTSBURG, Pa., Aug. 27.—Klobedanz was  
easy and Pittsburgh batted him all over  
the field. In the first inning Bowerman  
was badly spiked by Stahl and in the  
seventh Gardner had a finger split by a  
hard-hit ball. Neither of the injured men  
can play again for a week or two. At-

## Manly Strength Without Drugs

Nothing is more inspiring to both men and women than manly strength. There are millions of men today who look back upon their lives with regret. They feel that from youthful errors, later excesses, overwork, business and family worries, they have robbed themselves of perfect manhood. They suffer from Nervous Debility, Drains, Impotency, Lame Back, Varicose, etc., and nine out of every ten have gone through a tedious drug treatment in a vain endeavor to force nature by the use of these stimulating nostrums. Reader, if you are using medicines for these troubles, you are prone to disappointment as sure as life itself. I have been a specialist for over 30 years, and have used every drug known to science for such, and say to you, as man to man, not one case in one hundred can be cured by drugs. Why do you, then, believe in them and pass by the one natural remedy without so much as giving it a thought? I refer to that potent force Electricity, given direct to man by nature. In my wonderful
